Message Title: Be Ready To Do Good

Teaching Pastor: Angie Frame

This study guide has been designed for Small Groups in mind, and can be used by individuals as well.

Key Points

We are ready to do good when we are formed, founded, and focused.

1. How has God formed you to do good?

What skills or talents as he given you that could help people in our community?

If you had time and money resources, then what issue would you tackle in our community?
2. Read Mark 12:29-31. How do those verses prepare us to do good?
3. What other verses give us a strong foundation for doing good?
4. When there are so many foolish arguments around us, how can we stay focused on what is excellent and profitable?
5. **Watch the video.**
6. Read Titus 1:16

What does it look like when someone claims to know God but denies him with their actions?

Why do you think those behaviors make us unfit for doing anything good?
7. Will your group do community service separately or as a group?
What kind(s) of community service do you plan on doing?

NOTES:
