What do you think of when you hear the word sin?

Is there a difference in sins, i.e murder versus lying?

It seems easy for us to say we are "sinners" but why is it so difficult for us to actually admit to the actual sins themselves?

Read John 8:21, what does Jesus mean here?

Read Acts 13:39, What freedom from sin is found through our faith in Jesus? Why is isn't different than in the time of Moses?

Read Romans 6:11, how can we be alive in Christ?
