

BLUEPRINT

STUDY GUIDE - April 28, 2019

Message Title: Know God

Teaching Pastor: Brian C. Hughes

This study guide has been designed for Small Groups in mind, and can be used by individuals as well.

Share with others in your group about your past experience with church. How have you viewed church in the past?

Has your perspective changed since being a part of PCC?

Read Hebrews 10:19-25 and Psalm 92:12-15. Even though Brian talked about these texts on Sunday, what do you see in the text as you read it together? Talk about it.

Watch the video

What are some excuses people have for not coming to church?

On a scale of 1-10, how would you rate the Sunday church experience in terms of importance in your life (it's ok, you can be honest).

In your own words, what's the difference between 'going to church' and being 'planted in church'?

Brian talked about a 52 week commitment. Do you think you should do that? If not, why not?

If so, what changes will you have to make to make it happen?

Before SG is over, why not pray for each person about knowing God better and committing to being in church for the next 52 Sundays.

Remember to pray for each other.
