Read Ps 37:4 in 2 or 3 translations and Discuss what you think it means as a group. Brian will talk about it in the video.

Do you think do you know what your God-given purpose is? Share your thoughts with each other in your group.

Pastor Brian shared on Sunday how his purpose has evolved; identify different ways YOU have understood your purpose thus far in your life What is the most radical difference between 10 years ago and now for YOU?

Brian talked about the Challenge of Foregoing your own plan in order to obtain God's plan and purpose for your life. Talk about how hard/easy that is for you. Do you think this is something you could do? Do you think you should do it? What's holding you back? Do you trust that God actually has a purpose for your life?

On Sunday, Brian talked about various ways that we mistake God's purpose for us. Some think God created us as a tool, a toy, a time capsule, or a trophy. Do you relate to any of those as ways that you think of God's purpose for your life?

Read 1 Corinthians 12:4-31 and Ephesians 4:11-12 and unpack this question: "How do you see the various people around you right now working together, through their purpose, to advance the kingdom of God at PCC?"

Of the list given in first Corinthians 12, which ones do you think apply to you as a gift?

Consider attending the growth track class as a group when its next offered.

Remember to pray for each other.
