Spend a few minutes and discuss where you are in the 3 steps (Invest, Accept, Commit) from the message Sunday.

- How long have you been there?

- What does the next step look like for you?

How can you, as a group, not just encourage but also hold each other accountable to continue moving forward through these steps and down the timeline?

Read Luke 6:46-49. I think we all want a house built on a solid foundation. Have you ever felt like you were the one who built your house without a foundation?

How did that affect your relationship with God?

What part of your "house", your relationship with God, do you feel is most shaky now?

What steps could you start taking to strengthen your relationship with God?
